

Appian Positioned in the Leaders Quadrant in New Gartner, Inc. Magic Quadrant for Intelligent Business Process Management Suites 2017 Report

October 26, 2017

RESTON, Va., Oct. 26, 2017 (GLOBE NEWSWIRE) -- Appian today announced that it has been positioned by Gartner, Inc. in the "Leaders" quadrant in the new "Magic Quadrant for Intelligent Business Process Management Suites" (Gartner, Inc. "Magic Quadrant for Intelligent Business Process Management Suites" by Rob Dunie, Van Baker, Marc Kerremans, Jason Wong, 10/24/17). For the third year in a row, Appian has been positioned as a "leader" in this evaluation.

Appian provides a powerful iPMS platform featuring Low-Code application development, enterprise data management, Robotic Process Automation, mobility, collaboration and more in one unified platform. This combination makes Appian an ideal platform for rapid, meaningful digital transformation. Implemented at the core of IT application strategy, Appian uses its unique Records data management and complete process management to eliminate organizational silos and empower users to make better, faster decisions. The platform provides rapid delivery of software applications that are powerful and agile, allowing businesses to adapt on the fly in delivering optimal customer experiences.

A highly intelligent iPMS can provide the foundation to industrialize the digital customer and employee experience by connecting customer and partner interactions to back-office operations and supplier ecosystems in a situationally adaptive way. As the report states, "Intelligent business process management suites use actionable, real-time insights from operations intelligence to augment the orchestration and automation of adaptive business processes."
